SUMMER 2008

Roadway reconstruction and widening project

The Utah Department of Transportation is partnering with West Valley City* to improve the safety, efficiency and aesthetics of the roadway. This projects features reconstruction of 3600 West between 3500 South and 4100 South. Improvements include:

- New sidewalk, curb and gutter
- Storm drain improvements
- Re-striping of the road to include a two-way center turn lane throughout the project corridor
- Removal of the high "crown" that currently exists
- Resurfacing of the roadway
- Installation of landscaping

BUDGET: \$3.5 million (current cost estimate)

**This is a local government project under UDOT oversight.*

NOTE: Schedule information is estimated and could change without notice based on funding, scheduling constraints, stakeholder issues, and other unanticipated project elements.

Municipalities: Salt Lake County, West Valley City

Take care of what we have • Make the system work better • Improve safety • Increase capacity
